

ECOBLOSSOM™

PACKING

1 Gallon (3.8 L), 2.5 Gallons (9.5 L),
25 Gallons (95 L), 63.2 Gallons (1000 L).

2-3-5 BLOOM ENHANCER PLANT NUTRIENT

PRODUCT FEATURES

- Natural ingredients based blossom enhancer nutrient.
- Provides a blend of nutrients and plant essential elements to support bloom enhancement.
- Provides spectrum of L-Amino acids - the precursors for enzymes.
- Provides plant derived amino acids to aid growth and yields.
- Promotes intense blooms, pollination and crop yields.
- Provides nutrition to beneficial microbial population when applied in soil.
- Compatible with all crop protection products and nutrients.
- The product is recommended as foliar and drip application.

PRODUCT BENEFITS

- Improves bud formation, flowering and yields.
- Provides supplemental nutrition for flowering.
- Improves nutrient uptake and economizes fertilizer use.

PRODUCT USE RECOMMENDATIONS

- **Foliar use:** Apply 1-4 Quarts per acre (1-4 liters). Multiple applications may be made 7-14 days intervals.
- **Drip use:** Apply 1-4 Quarts per acre (1-4 liters). Multiple applications may be made 7-14 days intervals.
- **Sprinkler use:** Apply 1-4 Quarts per acre (1-4 liters).
- **Container and Nursery Plants:** Apply 2-4 Fl. OZ per Gallon (60-120 ml) water as a soil drench application.
- **Home Gardens:** Apply 1-2 Tbs. per Gallon (15-30 ml) water and make foliar (or) soil application.
- Use in conjunction with regular crop nutrition programs.

RECOMMENDED CROPS

Recommended for all crops including vegetables, fruit trees, nut trees, row crops, feed and forage crops, ornamental trees, flowers, shrubs, container plants and public greens.
