

ECOGRO™ WSL

PACKING

1 Gallon (3.8 L), 2.5 Gallons (9.5 L),
25 Gallons (95 L), 263.2 Gallons (1000 L)

6.5-0-0 PLANT BASED LIQUID WATER SOLUBLE NITROGEN

PRODUCT FEATURES

- Natural, Vegan, Organic water soluble nitrogen (N 6.5%).
- Provides enzymatically processed vegetable peptides.
- Meets instant nitrogen demands and supports plant growth.
- Reduces nutrition, weather, pest, disease, heat and moisture stress.
- Provides spectrum of L-Amino acids - the precursors for enzymes.
- Provides chelation with nutrients specially phosphate and crop care products.
- Improves agrochemical performances when mixed in tank.
- Provides nutrition to beneficial microbial population when applied in soil.
- The product is recommended in foliar and soil applications.

PRODUCT BENEFITS

- Provides instant Organic nitrogen source to plants.
- Enhances crop growth, flowering and yields.
- Enhances performance of agrochemicals in tank mixing.

PRODUCT USE RECOMMENDATIONS

- **Foliar use:** Apply 1-8 Quarts per acre (1-8 liters). Multiple applications may be made 7-14 days intervals. Do not use more than 8 Quarts per application.
- **Drip use:** Apply 4-8 Quarts per acre (4-8 liters). Multiple applications may be made 7-14 days intervals.
- **Sprinkler use:** Apply 8-16 Quarts per acre (8-16 liters).
- **Container and Nursery Plants:** Apply 2-4 Fl. OZ per Gallon (60-120 ml) water as a soil drench application.
- **Lawn and Home Gardens:** Apply 1-2 Tbs. per Gallon (15-30 ml) water and make foliar (or) soil application.
- **Hydroponics:** Apply 0.5-1.0 Tbs. per Gallon water (4-8 ml).

RECOMMENDED CROPS

Recommended for all crops including vegetables, fruit trees, nut trees, row crops, feed and forage crops, ornamental trees, flowers, shrubs, container plants, turf and public greens.
