

ECOMAX 6-1-2[®]

NEEM KERNEL FERTILIZER

Derived from high-quality Neem Seed Kernels. CDFA-OIM & OMRI Certified Organic Input. Labeled for use for Agriculture, Turf, Ornamentals, Greenhouses etc.

BENEFITS OF ECOMAX

- Made from Neem seed kernels using cold expeller process without heat or solvents.
- Slow-release Organic NPK Nutrient (6-1-2) for sustainable crop nutrition & soil quality.
- Naturally reduces soil pH and enhances nutrient uptake by plants (notably N&P).
- Provides proteins and carbohydrates for soil microbial activity for long term soil health.
- Naturally mitigates Nitrification of Nitrogen fertilizers/ leaching and improves nitrogen efficiency.
- Good Carbon source for improved crop and soil health.
- Supplies natural micronutrients and trace minerals.
- Standalone Organic nutrient or as combination product with all conventional NPK nutrients.

*Product Bulk density: 0.6-0.7 g/cm³.

PRODUCT USE RECOMMENDATIONS

- Vegetable, Row Crops, & Commercial Crops: Soil Application of 150 -300 Lbs. / Acre.
- Fruits, Vines & Trees: Soil Application of 150 - 300 Lbs. / Acre.
- Greenhouses: Soil Application of 5-10 Lbs. / 100 ft² (or) 1/4 - 1/2 Cup / Gal of soil (or) soilless media.

- Golf Courses: Soil Application of 20-40 Lbs. / Acre per 1000 ft² with suitable spreading equipment and irrigation.
 - Container Plants: Soil Application of 1/4 - 1/2 cup / gal of soil (or) soilless media.
 - Gardens and Flower Beds: Soil Application of 2.5-5 Lbs. / 100 ft² or 1/4 - 1/2 Cup / Gal of soil (or) soilless media.
 - Gardens, Shrubs and Trees: Soil Application of 1/2 - 1 Cup for young trees and 1-2 Cup for mature trees.
 - Lawns: Soil Application of 5-10 Lbs. / 100 ft² evenly and water adequately.
- Read label for additional details before use.

SIZES AVAILABLE
50 LB
